Save the Date! GivingTuesday is December 1st!

One of the most important days of the year for nonprofits is upon us: GivingTuesday!

GivingTuesday is a global movement highlighting the importance of giving back as we delight in the gift-giving season.

GivingTuesday is on **December 1st**, and we have great news: an anonymous donor will match all gifts up to \$50,000!

Your generous gift will go towards Warrior-K9 teams like Natalie & Hoosier AHEPA, who are celebrating their one year anniversary together and a bond that grows stronger every day.

"I feel safe and comfortable with him. He lets me cry on him and hugs me while I'm letting it all out. When I need to let out a cry and the depression comes out, he lets me pour it all out onto him. It's as if he says, 'I'll take it in. It's not a problem. Now let's go conquer the world'."

Your gift can help more Warriors feel the confidence to conquer the world!

We will send a reminder email on GivingTuesday, but you can always donate early. Just [click here](#) to securely go to our donation page and make your contribution.

Thank you for giving back with us as we celebrate GivingTuesday!

Dog Tales

Living in New York City and experiencing the tragic event of 9/11, Damian decided to join the Navy to help fight for America's freedom.

His role serving as an explosive ordnance disposal technician, locating, disarming, and removing IEDs, severely affected Damian, and he came home with PTSD and TBI.

Damian applied to K9s For Warriors in hopes of recovery, was accepted, and while in the program was paired with Shai, a rescued-turned Service Dog.

Damian and Shai's bond was immediate and has grown even stronger since graduating the K9s For Warriors program. After graduating from Columbia University, Damian moved to Ponte Vedra, Florida, where he accepted a full-time position at Camp K9 as a Warrior Trainer, helping other veterans find their road to recovery with a Service Dog by their side.
